| ☐ Litigation hold procedures defined                                 |
| ☐ Outside counsel engagement protocol established                    |
|  |

# □ Ownership interests transferable without disruption □ Key provider dependency assessed □ Non-assignable contracts identified □ Change-of-control provisions reviewed □ Diligence materials organized □ Transaction blockers identified DOCUMENT MANAGEMENT & CONTROLS □ Core legal documents centralized □ Version control maintained □ Signature completeness confirmed □ Secure access protocols defined

☐ Record retention policy implemented

**EXIT & TRANSACTION READINESS** 

### **Closing Note**

Practices that engage in periodic, structured legal reviews are better positioned to manage regulatory exposure, preserve enterprise value, and navigate growth or transition events without disruption.

For practices seeking a formal evaluation of these areas, GV Law conducts a structured legal readiness review designed for physician-owned businesses.

This document is provided for general informational purposes only and is not intended to constitute legal advice. The checklist reflects common legal categories reviewed by counsel in connection with physician-owned medical practices, but it does not account for jurisdiction-specific requirements or the particular facts and circumstances of any individual practice. Review of this document does not create an attorney-client relationship.
